

## Selected Electric Drive Experience

CLIENT NAME	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
<b>COMPRESSOR STATION</b>		
Spectra Energy Gas Transmission Bedford Compressor Station	Station Addition - engineering, drafting, equip. & building specs, bid review & recommendations, material requisitioning & construction contract documents	(1) GE Electric/ GE PCL802 Compressor (32,500 H.P.)
Chestnut Ridge Storage, LLC Junction Natural Gas Storage	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(4) Toshiba 6,000 HP Electric motors /Ariel JGZ16
Spectra Energy Uniontown Compressor Station	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) Siemens EMD/Solar C652 (16,000 HP)
Spectra Energy Glade Spring Compressor Station	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) Siemens EMD/Solar C406A (8,740 HP)
Dominion Transmission, Inc. Cove Point Pipeline Compressor Addition	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) 3500 HP GE Motor / Dresser-Rand 7H0ss6 4-Stage Compressor
Spectra Energy Heidlersburg Compressor Station	New compressor station - engineering, design drafting, material specifications, and material purchasing	(1) Siemens EMD Solar C652 (16,000 HP)
Williams Transcontinental Gas Pipeline Station 207 Compressor Station	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(2) 7000 HP GE synchronous motors / CERT.
CNX Gas, LLC Coal Bed Methane Compression and Processing Stations	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(5) 1000 HP EMD, (1) 1250 HP EMD, (1) 300 HP EMD, (1) 4160V 3 Phase / (7) Ariel JGH/4-3, (1) Ariel JGR/4 Compressors
Spectra Energy Lambertville Compressor Station	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) Siemens EMD/Solar C651 (10,000 HP)
Spectra Energy Freehold Compressor Station	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) Siemens EMD/Solar C401 (10,000 HP)
Southern Natural Gas Gallion Compressor Station Addition	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) 16,000 HP 13.8 KV motor
Southern Natural Gas Elmore Compressor Station Addition	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) 16,000 HP 13.8 KV motor / Voith Drive Rolls Royce Compressor
IntenGen Energy, Inc Magnolia Power Plant	New power plant - engineering, design drafting, material specifications, and material purchasing.	(3) 1000 HP 13.8 KV motor / Ariel JGT/2
Tennessee Gas Pipeline Stagecoach Compressor Station	Compressor addition - engineering, design drafting, material specifications, and material purchasing.	(1) 13,400 HP motor / Dresser-Rand
CNG Transmission Corp. Oakford CS	Compressor addition (with extensive plant/dehy modifications) - engineering, design drafting, material specifications, equipment evaluations, material requisitioning.	(3) Cooper-Bessemer LM-4 Electric Motor Driven (4,000 HP each) / (2) C7i-20, (2)C7E-20
CNG Transmission Corp. South Oakford CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Cooper-Bessemer LM-5 Electric Motor Driven (5,000 HP each)
