

Selected Production Experience

CLIENT NAME, COMPRESSOR STATION	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
CNX Gas LLC Pinebrank Piping Modification	Add meter bypass and separator bypass	No HP
CNX Gas LLC Greenhill Dehy Addition	Add dehy system	No HP
Equitable Production Ranger Truck Terminal	Geotechnical Study	No HP
Equitable Production Pioneer Compressor Station	Installation of two (2) 3000 HP electric units	(2) 3000 HP Electric Units
Equitable Production Wildecat Unit #3 Addition	3608 Unit addition at an existing compressor station	(1) Caterpillar 3608/ Ariel JGC/6-3
Equitable Production Mayking Unit #4 Addition	3608 Unit addition at an existing compressor station	(1) Caterpillar 3608/ Ariel JGC/6-3
Equitable Production Sandy Ridge #4 Addition	3608 Unit addition at an existing compressor station	(1) Caterpillar 3608/ Ariel JGC/6
CNX Gas LLC Nittany Compressor Station	Design Compressor foundation	(4) 700 HP Electric Drives/Ariel JGH/4
CNX Gas LLC Marshall Processing Facility	Coal Bed Methane – Compression and Processing	(3) 1000 HP Electric Drives/Ariel JGH/4 (1) 1250 HP Electric Drive/Ariel JGH/4
Equitable Production Tilford Compressor Station	Installation of three (3) units	(3) TECO K64K3REM 1750 HP Electric/ Ariel JGK/6
Equitable Production Oliver Compressor Station	Installation of three (3) units	(3) TECO K64K3REM 1750 HP Electric/ Ariel JGK/6
Equitable Production Jenkins Compressor Station	Installation of two (2) compressor units	(2) TECO K64K3REM 1750 HP Electric/ Ariel JGK/6
Equitable Production Daniels Branch Compressor Station	Unit addition	(1) Caterpillar 3516/ Ariel JGT/4
Equitable Production Station “K” Compressor Station	Unit #3 Addition	(1) Caterpillar 3516/ Ariel JGT/4
CNX Gas LLC Fallowfield Processing Facility	Coal Bed Methane – Compression and Processing	(2) 1000 HP Electric Drives/Ariel JGH/4 (1) 300 HP Electric Drive/Ariel JGR/4
CNX Gas LLC Greenhill Processing Facility	Coal Bed Methane – Compression and Processing	(3) 1000 HP Electric Drives/Ariel JGH/4
Equitable Production Liberty Compressor Station	New Compressor Station to install	(2) 4500 HP Waukesha Compressor Units.
Equitable Production Sandy Ridge Compressor Station	Three (3) units at new compressor station	(3) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Nancy Compressor Station	One (1) unit addition at existing compressor station	(1) Caterpillar 3516/ Ariel JGT/4 – 1340 HP

Selected Production Experience

CLIENT NAME, COMPRESSOR STATION	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
Equitable Production Middle Fork Compressor Station	One (1) unit addition at existing compressor station	(1) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Maces Creek Compressor Station	One (1) unit addition at existing compressor station	(1) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Hurricane Compressor Station	One (1) unit addition at existing compressor station	(1) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Sweetgum Compressor Station	One (1) unit addition at existing compressor station	(1) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Wildcat Compressor Station	Two (2) units at new compressor station	(2) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Mayking Compressor Station	Three (3) units at new compressor station	(3) Caterpillar 3516/ Ariel JGT/4 – 1340 HP
Equitable Production Copperhead Gap #4	One (1) unit addition at existing compressor station	(1) Reliance/ Ariel JGK/4 - 1250 Electric HP
Equitable Production Fork Ridge Compressor Station	One (1) unit addition at existing compressor station	(1) Reliance Electric/Ariel JGT/6 - 1750 HP
Equitable Production Lick Creek Compressor Station	One (1) unit addition at existing compressor station	(1) Caterpillar 3516/ Ariel JGK/4 - 1340 HP
Chesapeake Energy Victory Compressor Station	Installation of one (1) new compressor station	(1) Caterpillar 3516 – 1340 HP
Equitable Production Nora Rental ACS	Three (3) unit additions at existing compressor station	(3) Caterpillar 3516 /Ariel 1340 HP each
Equitable Production Blackberry Compressor Station	One (1) unit addition at existing compressor station	(1) Balsor Electric/ Ariel JGR/4 - 480V 500HP 1200 RPM
Equitable Production Copperhead Gap Compressor Station	Three (2) units at new compressor station	(2) Reliance/ Ariel JGK/4 - 1250 Electric HP
