

Selected Reciprocating Compressor Experience

CLIENT NAME, COMPRESSOR STATION	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
Dominion Transmission, Inc. Chelyan Compressor Station	Station Addition - (1) 4,735 HP Engine	(1) Caterpillar 3616/ Ariel KBU/6 (4,735 H.P.)
Piedmont Natural Gas Cabarrus Compressor Station	Station Addition - (2) 4,730 HP Engines	(2) Caterpillar 3616/ Ariel JGD/6 (4,730 H.P. Each)
National Fuel Gas Supply Corp./ Seneca Resources Covington Compressor Station	Turn-key (E/P/C) with Bi-Con Services. Production compressor station - Six compressor addition.	(6) Caterpillar 3516/ Ariel JGE/4 (1,340 H.P. Each)
National Fuel Gas Supply Corp. Buffalo Compressor Station	New Compressor Station	(2) Caterpillar 3608/ Ariel (2,370 H.P. Each)
Dominion East Ohio Gas Co. Paint Compressor Station	Compressor Addition - with Wildcat compressor building	(1) Caterpillar 3516/ Ariel (1,340 h.P.)
Dominion East Ohio Gas Co. Austintown Compressor Station	Compressor Addition - with Wildcat compressor building	(1) Caterpillar 3516/ Ariel (1,340 h.P.)
Dominion East Ohio Gas Co. Columbiana Compressor Station	Repipe existing integral engine/compressor to be converted from storage to production use.	(1) Cooper-Bessemer Integral (600 H.P.)
NGS Energy Leaf River Energy center	Gas Storage Compressor Station	(4) Caterpillar 3616 / Ariel JGZ/6 Compressor
Equitable Resources Jupiter Compressor Station	New compressor station and dehy facility to include one (1) 3516 CAT driven reciprocating compressor package w/package cooler and other ancillaries	(1) Caterpillar 3516
Dominion Cove Point LNG, LP Cove Point Pipeline Compressor	Add one (1) boil off gas pipeline compressor	(1) GE EMD 3,500 HP / Dresser-Rand 7HOSS6 4-stage Compressor
Columbia Gas Transmission Corp. Hamlin Compressor Station Design	Detailed design for a green grass (2) 3616 unit station	(2) Caterpillar 3616 / Ariel JGZ/6
Dominion East Ohio Gas Co. Pike Compressor Station	Installation of two (2) 1340 HP compressor units at a new green grass compressor site	(2) Caterpillar 3516 / Ariel JGP4 Compressor
Dominion Transmission, Inc. Rock Springs Compressor Station	New relay compressor station in Delmont, PA near existing Oakford CS	(2) Caterpillar 3608 / Ariel JGD/4-1
Chesapeake Energy Victory Compressor Station	Installation of a relocated 3516 at a green grass compressor station site.	(1) Caterpillar 3516
Dominion Transmission, Inc. Sabinsville Compressor Station	New Compressor Station -	(1) Caterpillar 3608 (2370 H.P.) (1) Taurus 50 (5800 H.P.)
Dominion Transmission, Inc. Racket-Newberne Compressor Station	New compressor station- engineering, drafting, equipment & building specs, bid review & recommendations, material RFQ's & construction contract documents	(1) Caterpillar 3516/Ariel JGK/4 Compressor (1150 H.P.)
Dominion East Ohio Gas Jefferson Compressor Station	New Compressor Station	(1) Caterpillar 3516/Ariel Compressor (1320 H.P.)
Dominion East Ohio Gas Pike Compressor Stiaon	New Compressor Station	(2) Caterpillar 3516 /Ariel Compressor (1340 H.P. ea.)
Dominion Transmission, Inc. Woodhull Compressor Station	Add two (2) integral engine/compressor units, expand desiccant dehy plant	(2) Reconditioned Cooper-Bessemer GMVH-10 (1800 H.P. ea.)

Selected Reciprocating Compressor Experience

CLIENT NAME, COMPRESSOR STATION	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
Dominion Transmission, Inc. Rural Valley Compressor Station	Design of a green grass station with M&R, Glycol dehydration, and two (2) non-identical reciprocating engine compressor packages.	(1) Caterpillar 3612/Ariel (3,550 H.P.) Caterpillar 3606/Ariel (1,775 H.P.)
Chestnut Ridge Storage Junction Natural Gas Storage	New gas storage compressor station	(4) Toshiba 6,000 HP Induction Motors / Ariel JGZ/6
CNX Gas LLC Nittany Compressor Station	Design Compressor foundation	(4) 700 HP Electric Drives/Ariel JGH/4
CNX Gas LLC Marshall Processing Facility	Coal Bed Methane – Compression and Processing	(3) 1000 HP Electric Drives/Ariel JGH/4 (1) 1250 HP Electric Drive/Ariel JGH/4
Spectra Energy Uniontown Compressor Station	Compressor addition -engineering, design drafting, material specifications, and material purchasing.	(1) Siemens EMD/Solar C652 (16,000 HP)
CNX Gas LLC Fallowfield Processing Facility	Coal Bed Methane – Compression and Processing	(2) 1000 HP Electric Drives/Ariel JGH/4 (1) 300 HP Electric Drive/Ariel JGR/4
CNX Gas LLC Greenhill Processing Facility	Coal Bed Methane – Compression and Processing	(3) 1000 HP Electric Drives/Ariel JGH/4
DTE/Michigan Consolidated Gas Willow Compressor Station	Compressor addition - engineering, design drafting, material specs, and material requisitioning.	(2) Caterpillar 3616/Ariel JGC/6 (4,700 HP)
Spectra Energy Heidlersburg Compressor Station	New compressor station –engineering, design drafting, material specifications, and material purchasing	(1) Siemens EMD Solar C652 (16,000 HP)
Equitable Production Liberty Compressor Station	Liberty Compressor Station - New Compressor Station to install	(2) 4500 HP Waukesha Compressor Units.
Dominion Transmission, Inc. Punxsutawney Compressor Station	Procurement documents, drawings, construction specs, contract documents and O&M manuals for replacement of the existing compressor package on unit #3	(1) Caterpillar 3616/Ariel JGC/6 (4,700 HP)
Caledonia Energy Partners, LLC Caledonia Compressor Station	Storage Station in Mississippi, Turnkey with UCI	(3) Caterpillar 3612/Ariel (3,550 HP)
Piedmont Natural Gas Cabarrus Compressor Station	New compressor station -engineering, design drafting, material specifications, and material purchasing.	(3) Caterpillar 3616 (4,700 HP)
Dominion Transmission, Inc. Wolf Run Unit 3 and 4 Addition	Add two units to Wolf Run Compressor Station. Phase II Expansion	(2) Caterpillar 3606/Ariel JGC/6 (1,775 HP)
Michigan Consolidated Gas Co. Washington 10 Unit 5 & 6 Addition	Compressor addition - engineering, design drafting, material specs and material requisitioning	(2) Caterpillar 3616/Ariel JGC/6 (4,700 HP)
DTE/Michigan Consolidated Gas Washington 10 CS	Compressor addition -engineering, design drafting, material specifications, and material purchasing.	(1) Caterpillar 3616/Ariel JGZ/6 (4,700 HP)
Dominion Transmission, Inc. Wolf Run CS	New storage facility w/glycol dehy & microturbine prime power generation-engineering, drafting, mat. specs, contract/bid documents, mat. RFQ's and compressor selection.	(2) Caterpillar 3606/Ariel JGC/6 (1,775 HP)
Dominion Transmission, Inc. Quinlan CS	New gas storage facility w/dry bed dehy – engineering, storage, design, drafting, material specs, contract/bid documents, material RFQ's & compressor selection.	(2) Caterpillar 3608/Ariel JGZ/4 (2,370 HP)
Bluewater Gas Storage, LLC Columbus 3 Processing Facility	New gas storage/processing facility –EPC Contract including dehydration, oil processing, pipelines and well pads.	(2) Caterpillar 3616/Ariel JGC/6 (4,700 HP) (2) Caterpillar 3516/Ariel JGT/4 (1,340 HP)

Selected Reciprocating Compressor Experience

CLIENT NAME, COMPRESSOR STATION	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
InterGen Energy, Inc. Magnolia CS	Fuel Gas Booster Compressors at a power plant. Turn-key, engineer, procure and construct.	(3) Siemens Electric Motor/Ariel JGT/2 (1,000 H.P.)
Dominion Transmission, Inc Little Greenlick Relay Phase II CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(1) Caterpillar G3616/Superior WG74/690KG (4,4735 HP)
Dominion Transmission, Inc. Ardell 2 CS	New compressor station - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Caterpillar 3606/Superior MH6A/686KM (1765HP)
Southern Natural Gas Company Thomaston CS	Compressor addition - engineering, design drafting, material specs, and material requisitioning.	(1) Caterpillar 3616/Superior WG66/657LK (4,733 HP)
Southern Natural Gas Company Enterprise CS	Compressor addition - engineering, design drafting, material specs, and material requisitioning.	(1) Caterpillar 3616/Superior WG66/657LK (4,733 HP)
Bay Gas Storage Co., Ltd. McIntosh CS	Compressor addition- engineering, design drafting, material specs, and material purchasing (with extensive plant modifications and gathering line).	(3) Caterpillar G3616/Ariel JGC/6 (4,735 HP each)
Southern California Gas Company Blythe CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Caterpillar/Ariel (3,785 HP Each)
Dominion Transmission, Inc. Punxsutawney Station Addition	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(1) Caterpillar G3616/Superior WG74 (4,732 HP)
Dominion Transmission, Inc. Little Greenlick Relay CS	New compressor station - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Superior 2416G/WH66/686KH (3,200 HP each)
Columbia Natural Resources Oneida CS	Turn-key (E/P/C) with Bi-Con Services. Two (2) separable engine/compressor packages, glycol dehy, ESD block and vent valves, rework auxiliary building, etc.	(2) Caterpillar G3512/Ariel JGE/4
Michigan Consolidated Gas Company Washington 10 CS	New compressor station -engineering, design drafting, material specifications, and material purchasing.	(3) Cooper-Bessemer 8W330 (4,000 HP each)
Duke Energy Gas City CS	Compressor addition - engineering, design drafting, material specifications, equipment evaluations, material requisitioning.	(1) Cooper-Bessemer GMWH10 (3,400 HP) (1) Clark TCV16 (5,500 HP)
CNG Transmission Corp. Oakford CS	Compressor addition (with extensive plant/dehy modifications) - engineering, design drafting, material specifications, equipment evaluations, material RFQ's.	(3) Cooper-Bessemer LM-4 Electric Motor Driven (4,000 HP each)
Columbia Gas Transmission Corp. C18-Delmont CS	Turn-key (E/P/C) with Bi-Con Services. Add HP to existing compressor station - engineering, design drafting, material specs and material requisitioning.	(1) Superior 8GTLB (1,100 HP)
Columbia Gas Transmission Corp. C19-Flat Top CS	Turn-key (E/P/C) with Bi-Con Services. Add HP to existing compressor station - engineering, design drafting, material specs and material requisitioning.	(1) Ajax DPC-360; (1) Ajax DPC-600 (960 HP)
Columbia Gas Transmission Corp. C22-Gala CS	Turn-key (E/P/C) with Bi-Con Services. Add HP to existing compressor station - engineering, design drafting, material specs and material requisitioning.	(1) Superior 16SGTB (2,750 HP)
CNG Transmission Corp. Bath CS	New compressor station - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(3) Superior 2416G/WH66/SPC (3,200 HP each)
Michigan Consolidated Gas Company Goose Creek CS	New compressor station - engineering, design drafting, material specs, contract/bid documents and material req./procurement.	(2) Superior 2406G/WH62/SPC (1,200 HP each)
CNG Transmission Corp. South Oakford CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Cooper-Bessemer LM-5 Electric Motor Driven (5,000 HP each)

Selected Reciprocating Compressor Experience

CLIENT NAME, COMPRESSOR STATION	DESCRIPTION OF SERVICES	COMPRESSOR TYPE/HP
Consumers Power Company Ray CS	New compressor station - engineering, design drafting, material specs and material requisitioning.	(1) Dresser-Rand TCVD-12 (6,000 HP)
National Fuel Gas Supply Concord CS	Compressor addition - engineering, design drafting, material specs and material requisitioning.	(1) Cooper-Bessemer GMVH-10 (2,250 HP)
CNG Transmission Corp. Gilmore CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(1) Dresser-Rand TLAD 8 (3,200 HP)
National Fuel Gas Supply Corp. Concord CS	Compressor addition - engineering, design drafting, material specs and material requisitioning.	(1) Cooper Bessemer GMVH-10 (2,250 HP)
National Fuel Gas Supply Corp. Concord CS	Turn-key (E/P/C) with Bi-Con Services. New compressor station - engineering, design drafting, material specs and material requisitioning.	(3) Cooper Bessemer GMVH-10 (2,250 HP ea.)
CNG Transmission Corp. Lebanon CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Dresser-Rand TCV 10 (4,200 HP each)
CNG Transmission Corp. Gilmore CS	Compressor addition - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(1) Dresser-Rand TCV 10 (4,200 HP)
National Fuel Gas Supply Corp. Ellisburg CS	Compressor addition - engineering, design drafting, material specs and material requisitioning.	(2) Cooper-Bessemer GMVH-6 (1,350 HP each)
CNG Transmission Corp. North Summit CS	New compressor station - engineering, design drafting, material specs, contract/bid documents and material requisitioning.	(2) Cooper-Bessemer V-275 (3,200 HP)
Columbia Gas Transmission Corp. Boldman CS	Turn-key (E/P/C) with Bi-Con Services. New compressor station - engineering, design drafting, material specs and material requisitioning/purchasing.	(1) Ajax 540 [Reconditioned] (540 HP)
National Fuel Gas Supply Corp. Ellisburg CS	Compressor addition - engineering, design drafting, material specs and material requisitioning.	(2) Cooper-Bessemer Quads (3,000 HP each)
National Fuel Gas Supply Corp. East Fork CS	Turn-key (E/P/C) with Bi-Con Services. Compressor addition - engineering, design drafting, material specs and material requisitioning/purchasing.	(1) Ajax DPC-720 (680 HP)
